

TCSC Presents Mammoth, California

Friday, February 9 – Saturday, February 17, 2024

\$2,030 Payment by Check

(\$2,091 Payment if using Credit Card)

Price is Per Person, Double Occupancy Using Your Ikon Pass

We couldn't get to Mammoth last year due to too much snow, so we're going to try again! With an average of 300 sunny days per year, over 400 inches of snow annually (over 700 inches in 2023!) and 3500 skiable acres, Mammoth has some of the best skiing and snowboarding in the US. It has the highest lift-served skiable terrain in California with a summit sitting at 11,053 feet and tons of deep, high-quality snow. There are 175 trails: 15% beginner; 26% intermediate; 22% advanced; 24% most difficult; 13% expert only. Other activities include Cross-Country skiing, Snowmobiling, Snowcat Tours, and a Tubing Park.

Package Price Includes:

- Round trip airfare from Syracuse
- Round trip ground transportation from Reno with grocery stop
- 7 nights lodging at the Mammoth Mountain Inn
- 1 night lodging at Circus Circus Hotel, Reno
- Group Dinner
- Welcome Breakfast
